

Artistic Wire™ 6” Candle Holders

designed by Bev Morgan

Materials Check List

Artistic Wire™
10 gauge, Tinned Copper

Artistic Wire™ - Tools
Wire Cutter

Basic Supplies
1 - 6” x 3” Candle
2 Glass Beads with Large Holes
E-6000 Glue

*Note: Remove wire from bag and
leave in natural coiled circle.*

Instructions

Project #101

Step 1: Slide coiled wire around and down to the bottom of the candle. Leave 3” of wire at bottom and bend upwards. Coiled wires should be at a slight angle up to top of candle, leaving 1” in between coils. At top of candle, leave 3-4” of wire and coil in an upwards direction. Add glass beads to ends of wire to create an elegant look. (*refer to picture*)

Step 2: Place finished candle holder over candle carefully.

Step 3: Finished candle can be displayed on colored plate embellished with glass colored marbles.
